YOUNG RESEARCHERS' BNCT MEETING | VIRTUAL CONGRESS | NOV 2022

YBNCT 2022

NO FRONTIERS IN BNCT

INTERNATIONAL SOCIETY FOR
NEUTRON CAPTURE THERAPY

A MESSAGE TO THE SPONSORS

First of all, thank you for dedicating your valuable time to read about the **Young BNCT Meeting 2022**, a virtual congress organized by the Communication Task Force of the International Society for Neutron Capture Therapy (ISNCT). This meeting will be held between November 14th and 18th , hopefully gathering more than 150 participants.

The meeting's layout and program will be very interactive, providing networking opportunities between sponsors and attendants.

Please find more information in this brochure we have prepared for you.

Warm regards,

The Communication Task Force

THE ISNCT

Founded in 1983, The International Society for Neutron Capture Therapy is a **multidisciplinary nonprofit professional and educational association** that aims to facilitate the continued development of Neutron Capture Therapy, as a nuclear medical procedure for treatment of some of the most serious forms of cancer. You can find more information at isnct.net.

NEUTRON CAPTURE THERAPY

THE CTF

The **Communication Task Force** is an **official** organ of the ISNCT, formed by volunteer members.

Since 2020, the CTF has been working methodically and continuously with the mission of contributing to communication and ISNCT outreach and to create and maintain a communication system with the public.

We invite you to read more content on our [website](), [newsletters]() (200 - 250 readers), [facebook](), [instagram](), [linkedin]() and [twitter]().

Know more about us [here]().

THE YBNCT MEETINGS

The Young BNCT Meetings are biennial multinational conferences focused on the activities of early-career researchers and students, that seek to provide an environment that encourages communication and collaboration among all scientists and others involved in NCT worldwide.

You can [take a look]()at the last YBNCT meeting, held in Helsinki in 2019.

NEUTRON CAPTURE THERAPY**

THE MEETING IN 2022

The Executive Board of the ISNCT asked the CTF to organize the **Young Researchers' BNCT meeting in 2022**. This is the first time that the ISNCT itself organizes a meeting.

The congress will be held online, from **November 14th to 18th**. We expect to organize an easy-going, inclusive, interactive and high-quality meeting, focused on early-career researchers.

OUR PROPOSAL

The YBNCT meetings should gather **students, early career researchers and members of the ISNCT** in a friendly environment, to share their work and participate actively, with no inscription fee for students who submit presentations. We would like to create a friendly and easy-going environment, assuring as much interaction between participants as possible.

The participation of experienced researchers through lectures and the scientific committee is expected, in order to guarantee a high quality outcome.

We expect to gather about 150 participants in 5 days. The synchronous activities will take place during 4 hours (from 10 to 16 UTC), with access to on-demand material one week before and after the meeting.

INTERNATIONAL SOCIETY FOR NEUTRON CAPTURE THERAPY

THE PLATFORM

As the YBNCT-2022 will be held online, the only associated cost is mainly related to the streaming platform. We would like to use **Virtual Chair**, a very innovative solution, that allows to recreate an actual meeting room.

The service includes the design of the venue, technical assistance during the meeting, a stable platform to host over 100 participants, lighting talks for all the presentations (oral and posters).

Abstract collection, video recording, a training session are optional services that can also be included.

THE BUDGET AND THE SPONSORS

To organize this meeting, we need to raise up to **U$S 20.000.**

We have defined different levels of sponsorship:
Diamond (U$S 5.000), **Platinum** (U$S 2.500) and **Gold** (U$S 1.250).

Different features for the sponsor booth will be included, depending on the category. You will find more information here.

BENEFITS	DIAMOND	PLATINUM	GOLD
	≥U$S 5.000	U$S 2.500	U$S 1.250
Free registrations (#)	10	5	2
Company **Logo** on the congress website (Sponsor Section)	✓	✓	✓
Logo inclusion in the program and abstract book	✓	✓	✓
Presentation video (30 seconds max.) before the plenary sessions (max: 5 spots)	✓		
An **article in the ISNCT newsletter** (the release time will be agreed according to availability) of 500-1000 words.	✓	✓	
Premium Sponsor booth: logo, web object, PDF (flyer), feedback/resume drop, and individual TV	✓		
Standard Sponsor Booth: logo, web object and PDF (flyer)		✓	
Basic Sponsor Sign: logo & PDF (flyer)			✓

All sponsors will be acknowledged in the program and abstract book, on the congress webpage and verbally during the welcoming congress session.

NEUTRON CAPTURE THERAPY

PAYMENT METHOD

By bank transfer, indicating the concept and name of the company:

Holder: International Society for Neutron Capture Therapy.

Bank Caixa Bank

BIC/SWIFT: CAIXESBBXXX

IBAN ES65 2100 5717 1402 0011 8654

WHAT IF WE GATHER A GREATER AMOUNT?

The budget will be collected and managed by the ISNCT. In case we cover all the cost, the amount available after the meeting will be destinated to fund activities of the ISNCT focused on early career researchers.

CONTACT

We will be pleased to receive your comments and proposal to **news@isnct.net**.
